Vol. 6. No. 23.

AMERICAN FORK, UTAH, SATURDAY, September 26, 1908.

SUBSCRIPTION \$1.50

Primary Endorses John H. Wootton and John Christensen.

tensen won out, the voting being very close.

Both are strong men and if successful in winning the nomination at the county convention will make a good run on the Republican ticket.

The delegates were instructed to go to Provo on Sept. 28th, to the convertion and work for a plank for county local option for prohibition. It was the sense of the primary that they support County Supt. Eggertsen. Principal Justesen's name was proposed but he favored Mr. Eggertsen and would not enter the race.

M. H. Fitzgerald was nominated for precinct justice and George Crookston for precinct constable.

The delegates to go to the county convention are: Jas. H. Dunkley, J. M. Thornton, Osmon Justesen, Jas. T. Gardner, John Houston, John H. Wootton, John Hunter, Jos. J. Jackson. J. R. Hindley, Geo. Crookston, Mrs. J. R. Hindley, Geo. Crookston, Mrs. J. R. Hindley, W. S. Chipman, Mrs. John H. Wootton, Mrs. Willis Bromley, J. L. Dunkley, E. M. Kelley, Mrs. S. L. Chipman, Fred Wanless, John Christensen, S. L. Chipman, S. W. Chipman, Mrs. P. S. Logsden, T. S. Priday, Peter Adamson, Sr., and Miss Mins Houston.

Mayor Jas. T. Gardner Will Attend Irrigation Congress.

Mayor Jas. T. Gardner will be a delegate to the National Irrigation Con- Earl J. Glade, accretary; James C. entire district.

Sugar Campaign Begins.

The sugar factory started cutting beets on Monday. Springville and Considerable interest was shown at the local Republican primary owing to there being two aspirants in the field of farmers are now busy hauling beets to the primary.

John H. Wootton and Jos. J. Jackson each wanted to be State Representative, while John Christensen and A. K. Thornton were out for the job of county treasurer. A secret ballot was taken in each case and Wootton and Christensen won out, the voting being very elose.

beets on Monday. Springville and Span.ish Fork cutting stat ons were started last week and a large number of farmers are now busy hauling beets to the factories. The beets are coming in in good shape and are of excellent quality, and it is expected a record run will be made. At least 125,000 tons of beets will be harvested this season for this factory, which will mean that \$600, 0.00 or more will be distributed to the \$2,000 beet raisers of Salt Lake, Utah, Wasatch, Sanpete and Sevier counties Wasatch, Sanpete and Sevier counties for beets alone, also a large amount will be paid out for labor here and at the cutting stations and for supplies.

Lost All Her Money.

Mrs. Nellie Walker while doing some shopping last Saturday lost her purse containing \$3.75. This is not a very large amount, but to Mrs. Walker it is considerable and she will greatly appreciate receiving it should the finder see these lines. It could be left at the Post office.

Provo Reservoir Company.

tock of 150,000 shares at a par value A contract already has been let to gress at Albuquerque, Sept. 29th to Oct. 10th. He will be sent by the City council and will be the only delegate from American Fork.

in the treasury, which is thought will be sufficient to develope the mine to a paying basis. A ten thousand share block of treasury stock was authorized to be sold at 2 cents per share, afterwhich no more of the stock will be sold unless it is necessary.

Dutchman Lease Yealds \$15,000 This Month.

Wilh Bros. have shipped more than \$15,000 worth of ore this month from their lease on the Dutchman, and the veins are still showing up big.

Their lease will expire on October 10, ceived word yesterday that the ore was opening up as big as ever. The boys will clean up a nice little rum on this lease and they deserve all the prosperty

Pacific Vein Gets Better.

The reported strike of high-grade gaona ore in the Pacific two weeks ago, gave the vein as 5 inches wide. While the vein was small, the miners began sacking ore for an early shippment. As the work progressed, the ore widened, now the vein is 12 inches wide and continues to grow stronger. An assay from simples taken from 100 sacks of the ore given the following values: silver 61.9 ounces, 38 ber cent lead and a trace of gold. The company will soon have a car of ore on the market.

The Surprise company miners have been extracting ore for the past two weeks and will continue till Oct. - 1st, when their lease terminates. At the conclustion of the lease, it is likely they will enter suit for damages against the Miller Miring company and the present

asers of the company mines to recovthe value of ore still exposed in their oy mgs. It is allieged that the Miller compang and their agents have caused delays by injunctions, bulkheading and shooting down ground and timbers, purposely to delay the Surprise in getto their one before the lease expired.

If all reports are true they have a storm.

John Armstrong is showing some good looking rock from the American Fork cauyon Consolidated. He says they have a good vein with several inches of the ore,

The Whirlwind people are still silent, so we conclud they have not yet reachthe ore. They have assessment No. 19 now on of \$2.00 per thousand shares.

Big Conference Attraction

Chief among the Salt Lake attrations Chief among the Sait Lake attrations during conference week is the Cameraphone at the New Lyric Theater, across from the postoffice betwen the New Judge building and the Newhouse buildings. If you haven't seen a Cameraphone in action you can have no idea of its amazing value as an entertainer, combining as it does all of the ingenuity of invention and the discriminating section of real artists.

mating section of real artists.

The Cameraphone is best described as "Pictures that talk and sing." These moving pictures actually talk and sirg, standing out before you on the canvas and speaking or singing as clearly as from life itself. The pictures and the sound move in perfect synchrony, and the effect is immensely

The tremendous popularity of the Cameraphone is due to the fact that the management of the New Lyric has selected nothing but the best from all of the great New York productions. The best acts by the best arrists on the Great White Way are reproduced each afternoon and evening by the Camera-phone. When all this can be seen for a nominal sum, the great popularity of building, two more rooms having been the Cameraphone may be accounted added which affords ample room for for. In a little over three months, class study periods. more than 100,000 persons have paid admissions to the New Lyric to see the Came r sphone.

It is no exaggeration to say that conference visitors will see at the New Lyric in Salt Lake just as good pro-ductions as are seen in New York, Variety and excellence are combined, too, and the opportunity shouldn't be

Adamson & Firmage.

Wm. Firmage has purchased an equal partnership in the Arthur C. Adamson plumbing and heating business. This makes a strong team and we are pleased to wish them prosperity under the partnership.

MONDAY AND TUESDAY SEPT. 28-29 You are cordially invited to be Present

The newest and most fashionable styles for Fall and Winter will be shown in great variety, at surprisingly low prices.

Very Truly,

Public School Work Is Well Underway

Our schools have been favored by visit from Supt. Eggertsen during the past week. He expressed himself as feeling certain that this year's faculty is the strongest yet seen in our city, and one of the best in the state. He was more than pleased to find the work progressing almost the same as if there had been no break during the summer and that the adjustment to new text book conditions had been made so quickly and well.

Some extensive alterations have just been completed in the High school class study periods.

It has been the custom of the faculty of the past few years, to have an annual outing together. This year's outing was a short excursion party to Saratoga Springs on Tuesday after school. A most delightful time was reported.

The district Supervisor is making an effort to have University of Utah extension, work in literature done by the faculty this year. It is proposed to have Professor G. M. Marshall of the "U of U," take the work in hand. He has consented to do so and if a class of twenty can be secured he will give the work during a period of about twenty weeks. It is hoped that a few more will become members of this class.

Fuor, Justesen was at Provo Thursday on business connected with the trade.

The annual parents visiting day will at Steele sold stand.

The local teachers attended Institute at Castella Saturday. Prof. W. M. Stewart of the U. of U. gave the principal address.

Courty Teachers at Castilla Nearly every district school teacher, principal and supervisor in the county besides several trustees had a grand educational outing at Castilla last Sat-

It has been the good rolley of County Superintendent Eggert sen from the time he was elected as superintendent of schools to unite the social and the fraterna. with the purely ecucational. In this he has ad nirably succe sded and the fruits thereof permeate every school di triet throughout the county.

Exercises at the resort were held at the pavillion commencing at 10 o'clock a. m. with music by the Springville school band of thirty pieces. Professor Joseph A. Rees and Professor J. P. Walton, the two oldest in service, were invited to the front to allow the healthy effects of long and lively particiation in school studies, sporce and amusements. They as also several other school principals, delivered short ad-
